## LEGENDA

- A) Articolo in allestimento  
E) Articolo in esaurimento

**NHS NOT FOR HIGHWAY SERVICE: Secondo le direttive europee vigenti, i pneumatici non omologati per la circolazione stradale devono essere oggetto di particolare attenzione**

da parte di rivenditori ed utenti. L'esposizione di questi pneumatici nei punti di vendita deve permettere al consumatore di vedere chiaramente che si tratta di pneumatici non omologati strada. D'altra parte, l'utente deve essere informato dal rivenditore degli elementi di limitazione del loro uso (es. licenza FIM) e dei rischi in caso di impieghi non autorizzati.

**\*ATTENZIONE: GLI PNEUMATICI CON MARCAGGIO NHS NON SONO OMOLOGATI PER L'USO STRADALE**

\*La gamma Road Classic ha un'architettura con struttura Diagonale Cinturata (Bias-Belted). La struttura dei pneumatici diagonali (es.:130/70 - 17) è differente da quella dei pneumatici diagonali cinturati o bias belted (es.: 130/70 B 17). I regolamenti italiani vigenti non ne riconoscono l'equivalenza e la reciproca intercambiabilità. Di conseguenza, per l'idoneità all'equipaggiamento del veicolo e per non rischiare sanzioni, riferirsi solo alle misure riportate nella carta di circolazione.
